				31 Dece	mber 1962
				Copy 4	or b
	MEMORANDUM FOR:	Chief, Offensive	Systems Division,	CEI	
	ATTENTION:				
	PRCM:	Chief, CIA/PID (R	PIC)		•
	SUBJECT:	Search for ABM or USSR	Air Defense Rela	ted Activity Nea	r Sery Shegen
	REFERENCE:	(a) Requirement (b) CIA/PID Proje			
	requesting a se	memorandum is in res earch of the 25 nm a 74-00E, 45-00N 74-4	res around the fol	llowing coordina	tes: 45-16N
	SAM, instrument	tation sites, uniden	tilled construction		
	2. A seer	ch of the cloud fre	e portions of		vithin a
	2. A seer 25 nm radius of	rch of the cloud fre coordinates 45-18N	e portions of 73-3E revealed	no new SAM or AB	vithin a
	2. A seer 25 mm radius of The SA-2 SAM Tr	rch of the cloud fre coordinates 45-18N maining Center as pr was reobserved.	e portions of 73-43E revealed reviously reported Approximately 10	no new SAM or AB (CAK - Part III percent of the a	within a mactivity.
	2. A seer 25 mm radius of The SA-2 SAM Tr with scattered	rch of the cloud fre coordinates 45-18N maining Center as pr	e portions of 73-43E revealed reviously reported Approximately 10 ming areas were has	no new SAM or AB (CAK - Part III percent of the a zy. A 25 nm rad	vithin a M activity. , rea was cover ius search
	2. A sear 25 nm radius of The BA-2 SAM Tr with scattered around the rema There was no ev	reh of the cloud free coordinates 45-18N raining Center as properties as reobserved. clouds. The remain ining coordinates 1 ridence of APM or SA	e portions of 73-43E revealed reviously reported Approximately 10 ring areas were has isted above was made activity, instractions	no new SAM or AB (CAK - Part III percent of the a zy. A 25 mm rad ade with negative	vithin a M activity. , rea was cover ius search e results.
	2. A seer 25 nm radius of The BA-2 SAM Tr with scattered around the rema There was no ev construction ac	ceh of the cloud free coordinates 45-18N caining Center as produced. The remain clouds. The remain clouds. The remain coordinates 1 cidence of ABM or SA ctivity, secure area	e portions of 73-43E revealed reviously reported Approximately 10 ring areas were har isted above was made activity, instructions or underground of	no new SAM or AB (CAK - Part III percent of the a zy. A 25 nm rad ade with negative umentation sites construction.	vithin a M activity. rea was cover ius search e results. , unidentifie
	2. A seer 25 nm radius of The BA-2 SAM Tr with scattered around the rema There was no ev construction ac	cch of the cloud free coordinates 45-18N saining Center as produced. The remain clouds. The remain sining coordinates 1 ridence of ABM or SActivity, secure area note analyst on this	e portions of 73-43E revealed reviously reported Approximately 10 ring areas were har isted above was made activity, instructions or underground of	no new SAM or AR (CAK - Part III percent of the azy. A 25 nm rad ade with negative unentation sites construction.	vithin a M activity. rea was cover ius search e results. , unidentifie
	2. A seer 25 nm radius of The SA-2 SAM Tr with scattered around the rema There was no ev construction ac 3. The ph on extension	cch of the cloud free coordinates 45-18N saining Center as produced. The remain clouds. The remain sining coordinates 1 ridence of ABM or SActivity, secure area note analyst on this	e portions of 73-43E revealed reviously reported Approximately 10 ring areas were has isted above was made activity, instruct or underground of project is any further questions	no new SAM or AR (CAK - Part III percent of the azy. A 25 nm rad ade with negative unentation sites construction.	vithin a M activity. rea was cover ius search e results. , unidentifie
	2. A seer 25 nm radius of The SA-2 SAM Tr with scattered around the rema There was no ev construction ac 3. The ph on extension	ceh of the cloud free coordinates 45-18N caining Center as proposerved. The remain clouds. The remain aining coordinates 1 cidence of ABM or SA ctivity, secure area note analyst on this should you have	e portions of 73-43E revealed reviously reported Approximately 10 ring areas were has isted above was made activity, instruct or underground of project is any further questions	no new SAM or AR (CAK - Part III percent of the azy. A 25 nm rad ade with negative unentation sites construction.	vithin a M activity. rea was cover ius search e results. , unidentifie
